Extreme Security

[Scan](#) [Update](#) [Tune-up](#) [Tools](#) [Help](#) YOUR COMPUTER IS SECURECOMPUTER INTERNET IDENTITY & DATA 

Advanced Firewall

Blocks invasions and hacker activity.

ON

Current Settings

Off Med. High

Your Public Zone security is High. Lets you connect to a network, but prevents anyone on the network from connecting with you. Recommended.

Off Med. High

Your Trusted Zone security is Medium. Lets you share printers and other resources over trusted networks.

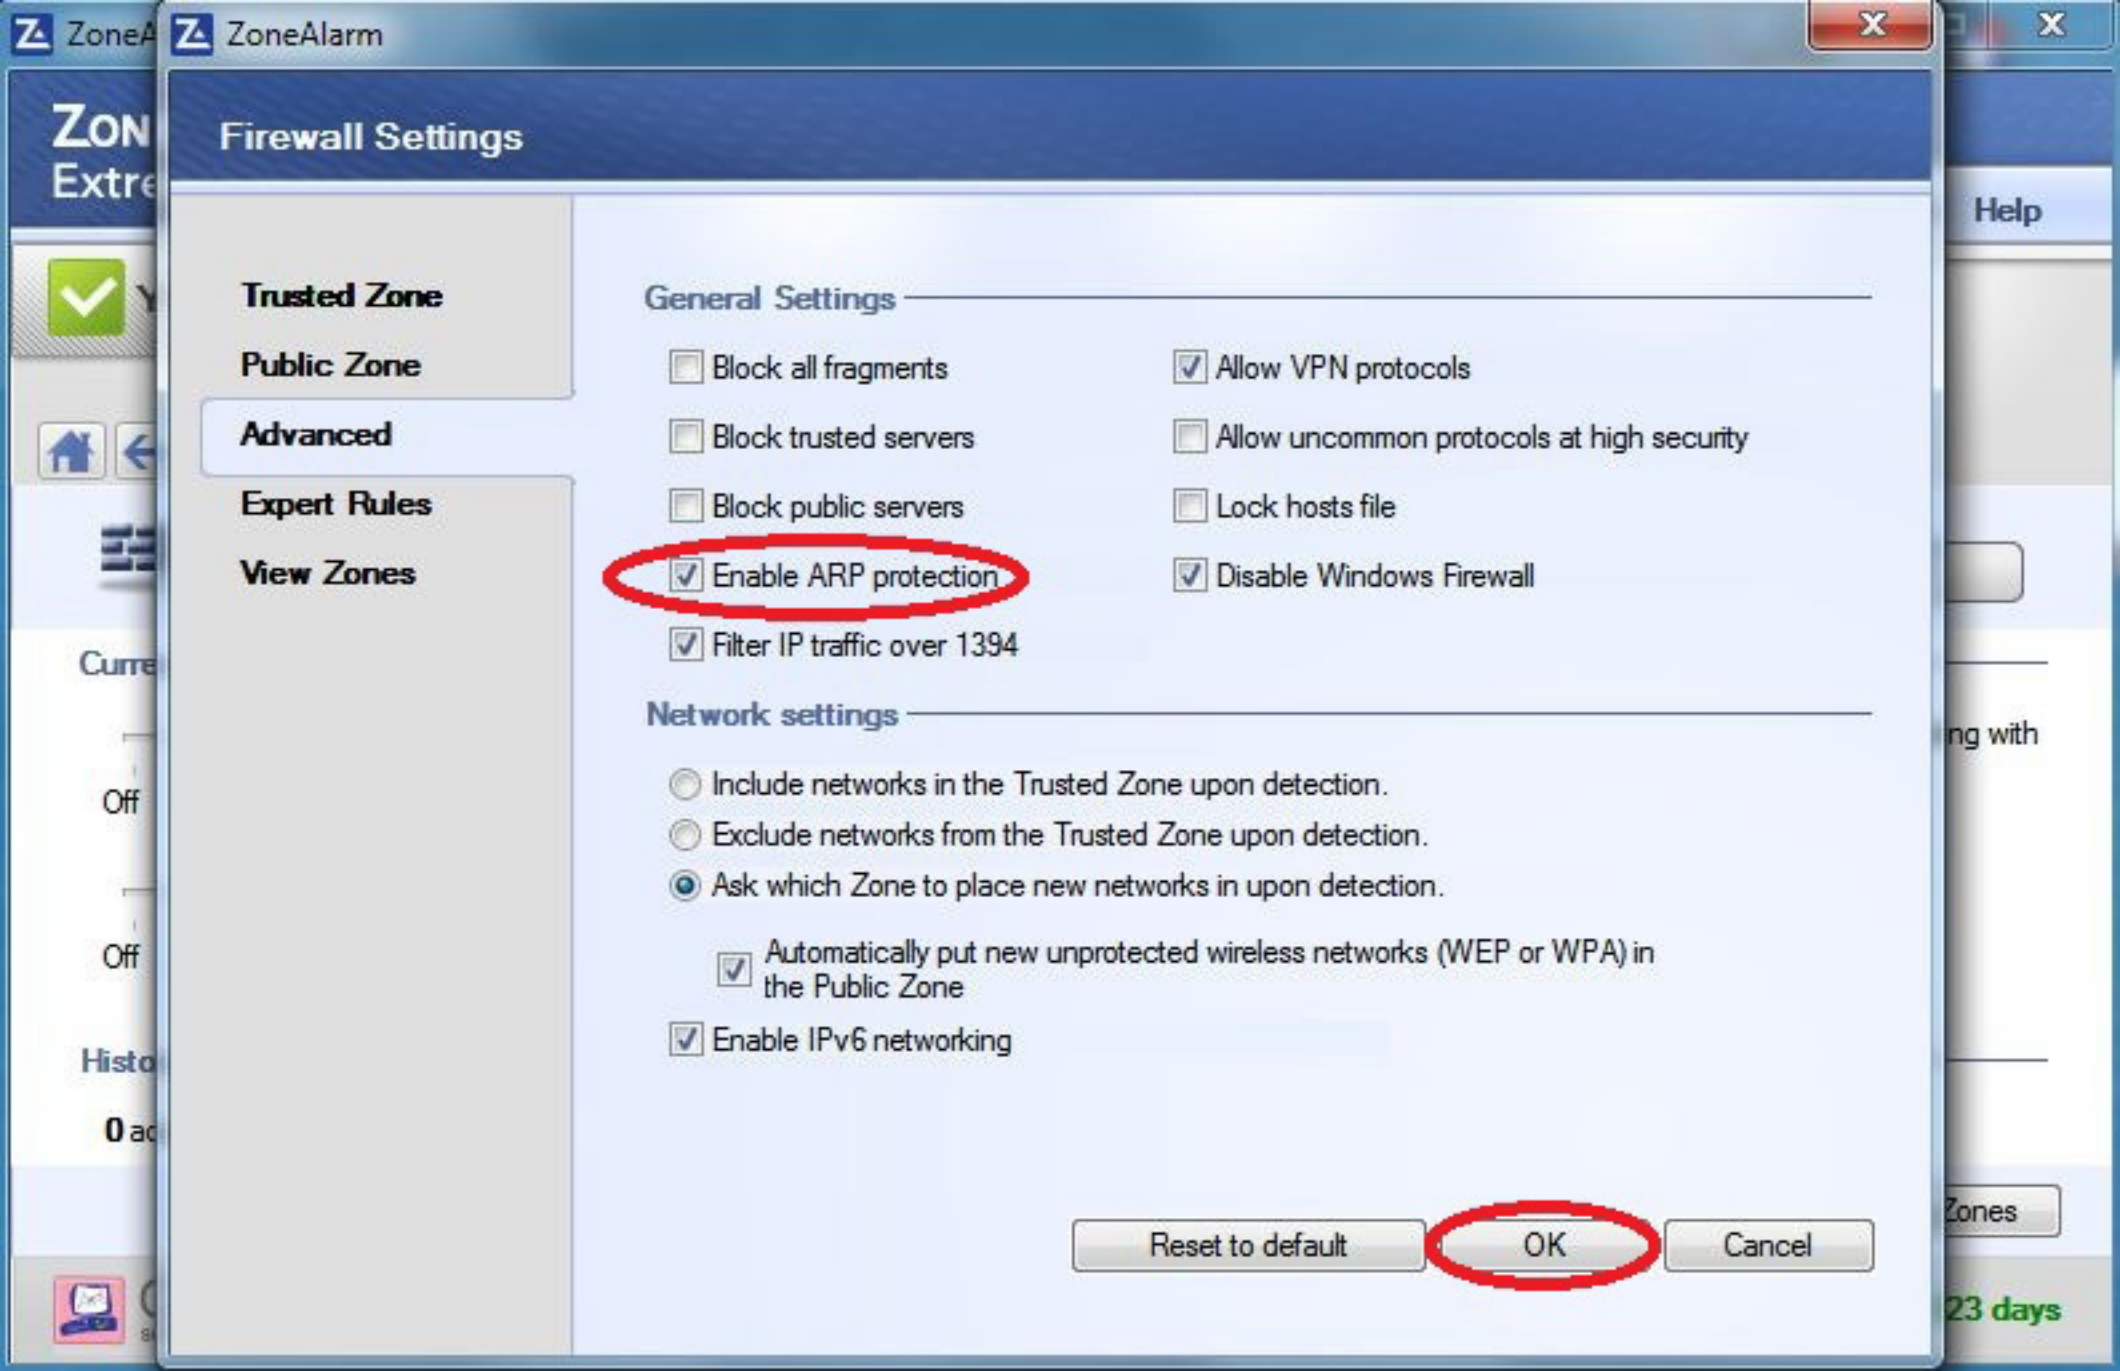

History

0 access attempts are blocked.
